CAREER OBJECTIVE

Computer Science Engineering student specializing in AI-integrated software development, full-stack technologies, and machine learning application frameworks. Experienced in competitive hackathons and agile project coordination, with a strong foundation in data-driven problem solving. Passionate about designing and deploying impactful, user-centric digital solutions.

EDUCATION

Chandigarh University | Bachelor of Engineering in Computer Science Engineering,
2024 – 2028

CGPA: 7.99 / 10

Central Academy | Senior Secondary Education (CBSE)

Class XII: 87% | Class X: 88%

TECHNICAL SKILLS

Programming Languages: Python, C, C++, SQL, Oracle SQL

Web & Full-Stack Development: HTML5, CSS3, JavaScript (ES6+), Node.js, Express, MongoDB, API Integration

Data Science & Artificial Intelligence: Machine Learning, Generative AI, LLMs, RAG, NumPy, Pandas, Matplotlib, Data Analysis

Tools & Developer Workflows: Git, GitHub, Postman, UI/UX Design Concepts, Database Management Systems (DBMS), OOPs Frameworks

PROJECTS

ZenoHealth — AI Healthcare Platform | *Node.js, Express, MongoDB, API Integration*

- Architected an AI web app analyzing user symptoms to deliver diagnostic insights.
- Implemented secure, encrypted workflows for digital medical record management.
- Integrated geofencing and proximity filtering for localized doctor discovery.

FarmerAI Chatbot — Agricultural Advisory System | *HTML5, CSS3, JavaScript, AI Concepts*

- Developed an AI conversational assistant providing crop diagnostics and remedies.
- **State-Level Finalist:** Recognized at a Rajasthan Hackathon for regional problem-solving.

AI Habit Coach — Productivity Planning App | *HTML5, CSS3, JavaScript, REST APIs*

- Engineered an optimization app mapping algorithmic study paths and task-scheduling workflows.

Heart Disease Prediction System | *Python, Machine Learning, Pandas, Scikit-Learn*

- Collaborated on an ML engine leveraging clinical data matrices to compute cardiovascular risks

LEADERSHIP & EXPERIENCE

1- Class Representative (CR) – DCPD TPP | Chandigarh University

Selected to orchestrate peer coordination pipelines, serving as the primary liaison between faculty and students for corporate training sessions.

2- Operational Manager | NexaSoul

Managed cross-functional internal pipelines, organizing team workflows and synchronizing student outreach efforts.

Coordinated and executed 5+ high-impact online technical and skill-development workshops tailored for the student community.

3- Liaison Officer (LO) | AI FEST CU 2026

Served as the primary point of contact for distinguished VIP guests, executing meticulous itinerary management and establishing clear communication paths.

4- Anchor | Art of Living Wellness Workshop

Spearheaded public relations and hosted high-visibility stage communications, demonstrating advanced presentation skills.

ACHIEVEMENTS, HACKATHONS & WORKSHOPS

1-Hackathon Portfolios: Finalist in the Rajasthan State-Level Hackathon; actively competed in the university-level Herizon hackathon and the national women-only She Codes hackathon.

2-Advanced Technology Certifications: Completed Python Programming & Data Science (Coursera), Generative AI & Prompt Engineering, and IoT Devices & Product Management Masterclasses.

3-National Technical Conventions: Attended Advanced Edge Computing & IoT Frameworks (IIT Madras), GenAI & Agentic AI Masterclasses (CU), and Digital Innovation Systems (IIT Bombay Mentor).

TECHNICAL INTERESTS

- **Artificial Intelligence & Machine Learning:** Understanding how AI models work, working with data, and building smart applications.
- **Full-Stack Web Development:** Designing and building complete websites, working with databases, and connecting front-end designs with back-end servers.
- **Emerging Technology:** Learning about new AI tools, automated scheduling systems, and smart workflows.
